RE: Water skiing at Southwood Lake

How can I ski at Southwood Lake?

1. Join the club by applying for a class B membership plus user pass, or
2. Take the occasional ride or ski school lesson.

What: Waterskiing will occur on Southwood Lake under the operation of SWLWSC. The club consists of the 10 class B family memberships of SLRA. These members are not required to reside in South Village or Woodstream.

<u>Cost:</u>	Subscription 2008	60.00\$
	Annual membership	200\$
	Cost per ride	12\$ members
		24\$ non members

Note: A class C member is not a member of SWLWSC unless such person also subscribes for a class B Water Ski Club membership.

The club activities include the annual SWL Water Ski School, open to members and non members, residents and non-residents, 2-3 tournaments and daily practice.

Only club approved drivers may operate the towboat and boat operators are limited to the designated areas.

The ski school, (open to all) will run under the direction of Karen Stevens 3 days per week in June, July and early August, split between Southwood and Sunset Lakes. For booking a lesson, contact Karen at (INSERT EMAIL ADDRESS). For taking out a Class B membership, fill out the attached form and forward to Sunset Lakes Developments, 6598 Pebble Trail Way, Greely, Ontario, K4P 0B6.
